

Learn how Novartis Patient Support™ can help your patients throughout their treatment journey

The Treating HCP May Enroll Patients in Novartis Patient Support Services*

Access and Reimbursement Support

Check insurance coverage for the therapy, including nonemergency travel
Prior authorization and appeals support

Laboratory Testing Support

Receipt of pretreatment laboratory results through testing programs sponsored by Novartis

Copay Support

Enrollment in the ZOLGENSMA[®] (onasemnogene abeparovvec-xioi) and ITVISMAs[®] (onasemnogene abeparovvec-brve) CopayAssist™ Program

Eligible, privately insured patients may pay as little as \$0 for ZOLGENSMA or ITVISMAs[†]

Patient/Caregiver Support Calls

Dedicated one-on-one Case Coordinator phone support to help patients and their caregivers navigate the process before and after treatment

(ITVISMAs only) In-Home Blood Draw for Posttreatment Monitoring‡

Requires you to select this service and certify that the patient requires support

Laboratory Testing Assistance

- Enrollment in Novartis Patient Support is not required to order test kits (SMN1, SMN2, anti-AAV9 antibody) or participate in testing sponsored by Novartis
- To order pretreatment test kits (SMN1, SMN2, anti-AAV9 antibody) for patients who are being considered for treatment with ZOLGENSMA or ITVISMAs, contact Novartis Patient Support at **1-855-441-4363**

Testing organizations can be contacted directly for further information:

Cellular Technology Limited at **1-800-501-7947** | Athena[®] Diagnostics at **1-800-394-4493**

Referral Best Practices

- Contact the treatment center directly to confirm the process for referral and information required
- Ensure comprehensive patient information exchange
- Participate in ongoing care coordination with the treating physician as necessary

Commonly Requested Information

- Patient/caregiver demographic and contact information
- Patient lab results (ie, SMN1, SMN2, anti-AAV9 antibody, baseline liver function, and CBC/platelet count—if available)
- Patient medical history and most recent progress report
- Copy of insurance cards
- Documentation of urgency/time-sensitive treatment

Contact your RAAD or Novartis Patient Support for more information at 1-855-441-4363
